Price excludes the dealer delivery charge of £545

• • Overview

With modern styling and cutting edge interiors the Challenger Sport range provides outstanding value at weights that can be towed by most family cars.

Whether you want to kick back and relax or explore the great outdoors, the Challenger Sport comes with a choice of ten models including a new twin axle model with front and rear parallel seating, the 640, so there is sure to be a layout to suit you.

Comfortable and relaxed, professional designers have carefully coordinated the interior, which is flooded with light from the panoramic sun roof.

The new 'Maldives' soft furnishing scheme has seating fabric in a grey hue with a warm thread running through the heavy weave of the fabric that links in closely with the colour of the 'Mali Acacia' wood grain. The curtain and scatter cushions incorporate colour through a random abstract design.

A choice of flexible seating and sleeping arrangements are combined with well equipped kitchens and washrooms.

The Truma Combi boiler has been upgraded to a more powerful model to provide faster more efficient heat up and a new 40W solar panel fitted as standard gives greater independence. Another practical addition is the Eco Camel shower head and hose which cleverly injects air directly into the water stream so you use less water while experiencing a more powerful shower.

Exterior

- European Whole Vehicle Type Approval ensures compliance with strict weight, dimension and safety regulations
- EN1645 Grade 3 classification for heating and thermal insulation
- Overall body width 2.25m/7'4½"

- AL-KO galvanised steel chassis with Euro-axle
- **New** Strong, moisture proof 'PURE' Polyurethane timberless framed body shell
- One-piece, 5000 Series marine grade aluminium sidewalls
- 25mm 'sandwich' sidewall construction with polystyrene insulation core
- Aerodynamic front in closed-mould GRP with wide front door
- Full height moulded rear panel
- Fully bonded 32mm 'sandwich' roof for extra strength and flatness with polystyrene insulation core
- 44mm 'sandwich' floor with high rigidity Styrofoam core
- AL-KO Euro overrun device with two-way assisted handbrake
- Six twin spoke 'Storm' alloy wheels
